

MINUTES OF THE BOARD OF COUNTY COMMISSIONERS MEETING HELD SEPTEMBER 18, 1978

TIME: 10:00 A.M.

PRESENT: E.S. Boyle, Commission Chairman
Calvin Blac, Member
Kristine Frost, deputy clerk

Minutes were read and approved on a motion by Commissioner Black and seconded by Commissioner Boyle.

EMT COURSES

Deanna Scorup met with the Commissioners to discuss having the County pay the hotel for the County EMT's to go to the annual convention in Salt Lake City. Commissioner Boyle will discuss this with the hospital personnel and with the head of the EMT's.

WILDERNESS COMMITTEE MEETING

Commissioner Black reported that the committee had voted to accept the Staff recommendations and forward these to the Governor. Because only eleven members were present for the vote, Commissioner Black stated that the Governor might decide to conform to the county recommendations. These are that any wilderness area in the State of Utah must be approved by the Counties that they are in or that are directly affected by these wilderness areas.

JIM BLACK SUBDIVISION

Commissioner Boyle received a letter from the Monticello City Administrator stating that the Subdivision east of town was not conforming to the city subdivision standards in that they were not putting in a 4" water main. The letter also stated that the moratorium is still in effect and no water connections are being made outside the city limits. It was the consensus of the council that no water could be supplied to the subdivision at this time, and only then if agreed upon by the council, until these conditions agreed upon were brought to completion. Commissioner Boyle wrote a letter to Jim Black stating that the approval of the San Juan County Commissioners was based upon approval of the Monticello City Subdivision Standards. A copy of the City's letter was also attached to the County letter.

COUNTY JUSTICE OF THE PEACE SYSTEM

The Commissioners discussed the Justice of the peace system with the County Auditors Deputy Bill Francom.

BLUFF MULTIPURPOSE CENTER LOCATION

Commissioner Boyle stated that he had received a copy of a letter sent that Bruce Shumway sent to Don Latham of HUD. It stated that the location of the building site is in the middle of the town on a block owned by the County. This is the recreation block and the construction will be on the unused northwest corner of the park.

CEDAR POINT FIRE TRUCK

John Baker reported that the Cedar Point Fire Truck was due here tomorrow.
