Dale Pierson met with the Commission to ask if they would approach the State Parks and Recreation on setting boating regulations for Ken's Lake. Mr. Pierson said he talked to Max Jensen from the State Park Service and was told the County Commission is supposed to request the regulations. Mr. Pierson said he has received several complaints about people using jet skis, surf boats, and power boats on Ken's Lake. Some people feel this is not fair to the swimmers and fishermen. Commissioner Black said the water conservancy district owns the reservoir but has no jurisdiction over the boating regulations. If anyone wants stricter regulations, new rules have to be adopted. Mr. Pierson said he would send more information and his recommendation in writing to the Commission. The Commission will contact Max Jensen of the State Parks and Recreation and follow up on this.
